

# REBATE IS LARGE

## City Tax Payers Paid When Taxes Were Due.

# IT EXCEEDS PANALTIES

## Everybody Seems to Have Plenty of Money.

For the first time in the history of the city of Wichita the rebates on taxes have exceeded the penalties. For the year 1901 the tax rolls, of which have just been completed, the rebates exceed the penalties by \$10,482. This shows that the greater part of the taxes of this city have been paid for that year, and that they were paid before they were due. In 1899 the men about the county treasurer's office were surprised at the way the taxes were paid in, but with all the amount of penalties was \$2,500. In that year the excess of penalties amounted to almost as much as did the rebate this year. In 1900 the penalties amounted to \$2,700, and the rebates to \$2,400. The total general tax of Wichita city property amounted to \$10,988, railroads not included. The past two years have been wonderful in this section. Everybody seemed to have money and the amount of delinquent taxes is very low and the taxes that remain unpaid are almost all charged to non-resident people. A few years ago a large amount of property was sold by the sheriff and there are a good many people who have good homes in this city who purchased the land from the county on a tax sale and the land has not been redeemed.

A few years ago all the delinquents and rebates were charged to the county fund. The city made a bond and the supreme court said that the delinquent taxes should be divided between the city and county in the proper proportion, but not a word was said about the rebates. The city will receive its proportion of the interest on the delinquent taxes, but will not get one cent of the rebates.

**WAS BOUND OVER.**  
John Goodyear is charged with assaulting Katie Dawson.

The preliminary hearing of John Goodyear on the charge of statutory rape was had before Judge Harvey of the city court yesterday. Katie Dawson, the prosecuting witness in this case, was the only witness. According to her evidence she was 15 years old on the fourth day of last May and will be a mother in the course of two months. The defendant is 34 years of age.

Katie Dawson told a horrible story of how she had been deceived by the defendant claiming to be a physician and wanted to make an examination to see if she was not having symptoms of consumption. That he had given her a bad book to read and had shown her obscene pictures. During the evidence of the girl John Goodyear sat at one of the tables but he said his head rang so from the effects of quinine that he did not hear all that she said. He said what he did hear was absolutely false. He did not have the remotest idea what sort of a story she would tell, or he would have had some evidence on his side to prevent such a horrible story from going out uncontradicted.

After hearing the evidence Judge Harvey bound Goodyear over to the district court on two counts and fixed his bail at \$100. In each case the judge was submitted, signed by James Goodyear and William Conkle, but Judge Harvey refused to approve them. The defendant went out to get another signature. Col. Sam Anderson and Assistant County Attorney Henry Hultman appeared for the state and George Adams of Adams & Adams for the defendant. Bond was procured during the afternoon and the defendant was released.

**CAR OF LAMPS COMING**  
First Car Load of Lamps Shipped to Wichita.

J. C. Dunn, the wholesale crockery man, is expecting a carload of lamps in the city today. The car will be loaded with lamps of every description, large, small, plain and colored, ornamental and useful; lamps for the rich and lamps for the poor; lamps for the student, for the office.

**Asthma Instantly Relieved**  
Dr. R. Schmittmann Astounds the Public With the Success of His Treatment.

Residents of this place were astonished by testimonials in these columns that the celebrated physician, Dr. R. Schmittmann, would make public test of his remedy in this city on Sept. 19th. He invited every man, woman and child suffering from Asthma to call at Decker's & Hightower's Drug Store and obtain, absolutely free, a trial box of his medicine. Dr. Schmittmann adopted this novel way of introducing his treatment, believing that a free personal test would be the best and only way to overcome the prejudice and skepticism of thousands of asthmatic who had given up in despair after going through the whole range of so-called cures. He has in this manner proved the efficacy of his remedy, and has not only given the public to speed a remedy, but has shown that every sufferer in this town obtained relief from his free samples. He fears, however, that there were some few who did not before they were given out. In order to give a fair opportunity to those who have not yet used the remedy, and also as a guarantee of good faith, he has now requested this paper to announce that he has arranged with the above drugstore to refund the money to any person who purchases of them either a box or \$1.00 package of Schmittmann's Asthma Cure before noon on Oct. 25th, and finds that it does not do exactly as is claimed for it. The only condition being that they return not less than three-fourths of the package to them. Dr. Schmittmann claims that in every case of true asthma his remedy will give immediate relief usually within a few seconds, although in some cases many minutes. It has positively permanently cured thousands of cases which were considered incurable.

# MRS. HULDA JAKEMAN

## Wife of President Jakeman of Elders of the Mormon Church, Salt Lake City, Utah, Recommends Lydia E. Pinkham's Vegetable Compound For Women's Periodic Pains.

"DEAR MRS. PINKHAM:—Before I knew of Lydia E. Pinkham's Vegetable Compound I dreaded the approach of the time for my menstrual period, as it would mean a couple of

days in bed with intense pain and suffering. I was under the physicians' care for over a year without any relief, until the attention was called to Lydia E. Pinkham's Vegetable Compound by several of our Mormon women who had been cured through its use. I began its systematic use and improved gradually in health, and after the use of six bottles my health was completely restored, and for over two years I have had neither ache or pain. You have a truly wonderful remedy for women. Very sincerely yours, Mrs. HULDA JAKEMAN, Salt Lake City, Utah.

Just as surely as Mrs. Jakeman was cured just so surely will Lydia E. Pinkham's Vegetable Compound cure every woman suffering from any form of female ills.

Mrs. Pinkham advises sick women free. Address, Lynn, Mass.

face, and in fact lamps for every station in life. This is the first time that a whole car of lamps ever came to Wichita in one order. The freight alone amounts to the sum of \$200 and the total cost of the lot will be in the neighborhood of sixteen or eighteen hundred dollars. This is no small amount to put into lamps, but Mr. Dunn says that the trade demands that a large stock be kept on hand all of the time. In speaking of freight rates on glass and queensware it was explained that while eastern jobbers could secure car lot rates on ten cases of goods and could thereby materially lessen the amount of stock which they are compelled to carry, the western jobber must in order to compete with them buy so as to secure similar rates, and in order to do that he must buy a straight carload of any particular thing which they desired, lamps for instance.

Also, such common things as jelly glasses had to be purchased in car lots to secure the best prices. Fortunately, the trade of Wichita and vicinity demand sufficient stock of these things to justify the purchase of carload lots.

**THE LADIES.**  
The pleasant effect and perfect safety with which ladies may use Syrup of Figs, under all conditions, makes it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Co., printed near the bottom of the package. For sale by all druggists.

**IN LOVE WITH WICHITA.**  
Guy Peverley Returns After a Year's Absence.

Guy Peverley, formerly a salesman at Fulton's clothing store, who left this city about two years ago and accepted a position as traveling salesman for an eastern shirt manufacturer, has returned to Wichita and accepted a position at Fulton's clothing store. Guy says he soon tired of a traveling man's life and for some time has been at work in a large clothing store in Oklahoma City; but got homesick, hungry for Wichita and has returned for keeps. He says that most everybody in Oklahoma is talking about Wichita and her large enterprising concerns, the future for the Frontier Princess. He thinks there will be a large throng of Oklahoma people visit our city Carnival week. Every person in the territory has a good word for Wichita, which they consider as their big city.

**MR. BIRD SCALDED**  
Former, Wichita, Man Said to Be Seriously Injured.

Yesterday information came to Wichita to the effect that Louis Bird, formerly a resident of this city, and an engineer on the Missouri Pacific, was badly scalded in some manner at Rockwell, Oklahoma. No details could be secured. The report had it that he would lose his sight. Mr. Bird is now an engineer on the Kansas & Southwestern road.

# GRAND COURT SCENE

## Will be a Feature of Carnival Queen's Coronation.

# BIG CARNIVAL BALL

## Showmen Arrive to Work On Displays.

Everything is being done to make the coronation entertainment one of the grandest affairs ever heard of thought of in the state. Not a stone is being left unturned, and rehearsals for the great social event are going on morning, afternoon and evening. The court scene this year will not be a foreign affair, as heretofore, but strictly an American girls' court, and everything in it will be conducted in a real American manner. This will make a delightful departure from the old custom.

President Thomas G. Fitch, accompanied by a corps of officers will crown the queen with appropriate ceremony. Some very beautiful costumes will be worn by the people participating in the musical part of the coronation concert. Yesterday Mr. S. A. Welsh, who will be manager and proprietor of the Wichita Projectoscope company, will show his moving pictures. As a cost of \$50 three acts of films showing the late President McKinley's funeral processions at Buffalo, Washington and the final procession at Canton. Mr. Welsh has taken great pains to secure the latest and best moving pictures that money can buy. His show alone will be worth coming miles to see, as they are the only ones carried by traveling moving picture shows until the views have become old and the price has decreased considerably on the films.

Many requests are being received for rooms and boarding places at the Carnival headquarters. It is the request of the management that people having furnished rooms for rent leave their address at the Carnival office, on the third floor of the Winna building, Fred Van Dusen, manager of the Manhattan hotel, told an Eagle reporter yesterday that he has received more requests to reserve rooms for the big week than he knows what to do with. In fact, he has quit replying to these numerous requests. Yesterday several of the men connected with the Palace fireworks display arrived in the city and will begin work today. Pictures of the queen, Miss Gilmore and President Roosevelt will be exhibited, encircled in colored fire and a pyrotechnical display.

The booths are nearly all gone and now Colonel Fitch is kept busy refusing offers of additional shows. Nothing but the best shows will be allowed on the midway, as Colonel Fitch has the choice of hundreds from all over the union. This morning the seats will be on sale for the coronation, at Miss Howard's drug store, on North Main street. Manager J. H. Harper announced that all of the 15 participants in the celebration are in excellent condition and that the coronation program will excel any of the past years. The program is of a more popular order than those previously given, and besides the quaint Japanese choruses from the Mikado, there will be a series of comic opera scenes from the "Sons of the Desert." The latest moving pictures and illustrated songs will also be given as an entire act.

**STREET FAIR AND CARNIVAL**  
Another New Prominent Attraction Secured for Midway.

S. A. Welsh has just closed a contract with the Edison Manufacturing company of Orange, N. J., for the three funeral processions of our deceased president, McKinley, at Buffalo, Washington and Canton, showing the full military parade. This attraction will be presented every afternoon and evening on the Midway at the Wichita Carnival, and will be one of the most interesting exhibitions on the grounds.

One of the latest projectoscopes has been secured for this attraction. Mr. Welsh has also secured the services of Mr. Tommie Edwards, who has a world-wide reputation as an illustrator. Every one should visit this exhibition during Carnival week.

**AN UNPARALLELED SUCCESS.**  
Marvelous Growth of the Famous Ringling Bros. Big Show.

The success of the Ringling Brothers' show in Wichita next Tuesday, October 2, forms one of the most remarkable pages in the history of amusements in America. Some idea of its remarkable development may be gained from the fact that within a dozen years this show has grown from a little carnival circus, the entire value of which was less than a thousand dollars to the largest scenic enterprise the world has ever seen. It is evident that a success like this could not have been the result of chance, nor has it been. The Ringling Brothers have won their way to their present eminence by qualities which would have gained success in any sphere of life. Each of the quartette has been endowed by nature with characteristics which, in combination, have given them a superiority over all competitors, and ensured the success where less gifted men would inevitably have failed. It is really remarkable to what an extent each is adapted to fill the peculiar place in the management which falls to his lot. It is this fact which has made Al. Ringling, the oldest of the quartette, the greatest

equestrian director in the world, and thus insured to the patrons of Ringling Bros. circus a better performance than can be seen with any other show. And so it is with Otto, the financier of the show; Charles, the genial advertising agent; Al. T., the general press representative, and John, whose judgment fills the delicate task of successfully routing the show. Each of the quartette brings to his individual sphere of action qualifications which make success a foregone conclusion.

Apart from the personal characteristics of the Ringling Brothers, the success which has brought their show to the front so rapidly during the past few years, has resulted in a large measure from a clearly defined policy, which, in its way, has been entirely unique with this organization. This policy embraces several cardinal features, each of which is highly commendable. One of these features is a strict adherence to the truth in advertising. Whenever Ringling Bros. shows exhibit it has become a recognized fact that whatever is shown upon the bill boards will be exhibited in the ring, and this has given the public a confidence in the show which no other circus enjoys. Another feature is a clearly defined purpose of making each season's show superior to that of the previous year. So notable has this been the case that within the past five years the show has been doubled in size four times. Ringling Brothers also have an international reputation for their correct and honest business methods and the fact that no gambling devices of any nature have ever been permitted with their great show. This regard for the public has added greatly to the popularity of the show. The gratification with this great show is this season's zoological sensation.

If your food does not digest well, a few doses of PRICKLY ASH BITTERS will set matters right. It sweetens the breath, strengthens the stomach and digestion, creates appetite and cheerfulness.

# ONLY TOWNSHIP ELECTION.

Kechi, However, Will Manifest Its Usual Interest.  
Mr. Joe Kechi of Kechi was in the city yesterday and announced that the Republican primaries would be held in the town hall at Kechi next Friday, September 27. All the election Kechi has this year is a township affair, but as much interest as usual is manifest.

Speaking of agricultural interests in the county, Mr. Emerick said that he regretted what as practically certain. He went over the last ten years and pointed out that the only markedly short crop in that time was in 1901. He figured that alfalfa was a better money maker than wheat. He believed that the successful farming in this valley was based, taken for granted favorable soil, on an equal division of alfalfa, wheat and corn.

# MISTAKE IN NAME.

Unitarians, Instead of Universalists, Will Build a Church.  
There was an article in Tuesday's Eagle stating that the Universalists were going to erect a church at the corner of Market and William streets. Instead, it is the Unitarians who will build the fine building.

J. M. Harper, cashier of the Conway Springs bank, was in the city yesterday on business.
